Fitting instructions

**GT4 Style rear Spoiler for
Cayman 987C / 981C**

Part no: 98151246000

1. Please make sure the mount holes are big enough to take 9mm bolt provided. If not, use 9 mm drill to enlarge them.

2. Please combine those components according with the instruction. Please note 987C and 981C mount the brackets differently.

3. The 981C fitment requires the uprights to be mounted on the outer side of spoiler brackets. See the picture below for reference.

4. The 987C fitment requires the uprights to be mounted on the inner side of spoiler brackets. See the picture below for reference.
